LANCE MILLER

Welcome to the 33rd edition of Corvettes at Carlisle! My father, Chip Miller, started this event because of his passion for Corvettes. I'm fortunate to be able to follow in his footsteps and continue following my passion. Corvettes at Carlisle is all about having a FUN time, meeting new people and, of course, being surrounded by incredible cars. We realize there are a lot

of choices where to spend your time each weekend and we're thankful you chose Carlisle, PA as your destination for this Corvette extravaganza.

The Carlisle Events team and I put forth a lot of effort to ensure you enjoy your visit with us. In fact, our ultimate goal is to have you go home with a big smile and hopefully help us spread the word about this fun-filled event with your family and friends.

During your visit I highly recommend that you visit our huge vendor area; you'll be blown away with the Corvette items for sale. Not to mention the knowledge the vendors have. If you've got questions, ask them!

The Manufactures Midway showcases some of the industries latest and greatest trends, be sure to check it out! While visiting the Midway; be sure to stop by the Team Chevrolet Tent where you can speak with the people that built the car we've all fallen in love with. Chip's Choice, NCRS Gallery, NCCC Concours, '65 Reunion and the incredible American Flag Display are other features I encourage you to check out.

If you need assistance, please reach out to any of our team members and we'll be happy to help you. If you feel we can improve, please be sure to let us know. We're always trying to make each of our events better, and the only way to do this is by listening to your feedback. Again, thank you for joining us and have an phenomenal visit! Mark your calendars for August 26-28, 2016 so you can join us for the next Corvettes at Carlisle!

I'd love to hear from you! Send an email or call me at:

> Lance's Corner

It's funny looking back to our childhood. For instance I recall when I was sitting in study hall for the final 45 minutes of the day during junior and senior years of high school just watching the clock slowly tick. Time just couldn't go quickly enough as I couldn't wait to get out of school so I could enjoy my hobbies with my friends. Fast forward MANY years... now I can't believe how quickly time flies! I feel as though I was just writing last year's Lance's Corner!

We often hear "time flies when you're having fun" – this stands true! I'm fortunate to love what I do, and after work I'm eager to go home and enjoy my much needed family time too. Time has a way of never slowing down. The Carlisle Events' team puts forth so much work for each of our events and Corvettes at Carlisle is a heavy focus for us. We work hard all year to make sure our events are the best that they can be, but we realize there's always room for improvement. On that note, I'd like to ask for your help. If you can take a minute to visit our website, carlisleevents.com, and take our survey to

better help us make Corvettes at Carlisle a better place, we'd love to hear from you. We're always seeking new ideas and we love your feedback; it's important to ensure our success.

Since my daughter Ella was born, I always enjoy putting a picture in the event magazine with her. I'll continue to stick with this theme because I firmly believe that the car hobby is one big family. Ella is a big part of it for me! She's getting more mature by the day, in fact she's enjoying speed more and more by the day too (shhh... don't tell Mom!). I cherish every minute Ella and my wife, Michele, have together and I'm thankful for how fortunate I am. We are always seeking ways to get children interested in automobiles; if you have ideas, please send them my way!

The Americana theme is tough to beat, but in 2016 we're going to feature the 20th anniversary for the '96 Grand Sports! This group is always a blast to hang out with; be sure to stop by and say hello – you'll know exactly what I'm talking about. We're also going to feature the 50th Anniversary of the '66 Corvette. This will be another incredible display of cars that you won't want to miss.

Sadly Corvette legend John Greenwood recently passed away at the age of 71. In his honor we will feature Greenwood Corvettes for the 2016 Chip's Choice Display. Expect to see some amazing wide-body Greenwood Corvettes that have become famous over the years. John will rest in peace, but his cars will continue to live on for

generations. If you've got a Greenwood Corvette, please send an email to LanceM@carlisleevents.com.

Two years down the road in 2017 Chip's Choice is going to be spectacular as well; we're going to focus on the holy grail of Corvette engines... the L88! Considering the first 427ci L88 Corvette was sold to the public in 1967, we thought it would be appropriate to focus on these engines and cars for their 50th Anniversary! Many folks in the Corvette hobby haven't had the opportunity to see an ultra-high performance Corvette equipped with the 427CI L88 Corvette in person; we'll change that in 2017! Expect to see some phenomenal and extremely rare and expensive L88 Corvette examples. Our goal is to have a nice variety of L88 Corvettes from race theme to stock. The Corvette code "L88" could only be ordered through GM from 1967 to 1969, but the development of the L88 was called "427 Heavy Duty" or "HD" but it was considered the L88 engine as the program progressed.

In 2017 we'll be thrilled to focus heavily on the incredible end-to-an-era-Corvette, the 1967! Expect to see the very best of the best on display; we wouldn't settle for anything less. If you have ideas on what you'd like to see, let us know! After all, this event is being hosted for you. Thank you in advance, we appreciate your support.

Corvette American Flag Presentation, Swearing-In Ceremony & Veteran's Tribute and Parade

By presidential proclamation and acts of Congress there are many locations where the American Flag is permanently displayed. It is a glorious American icon that includes 13 red and white alternating stripes that represent the original 13 colonies. The white stripes signify purity and innocence and the red signify bravery and valor. The 50 stars, representing states, sit on a blue field that represents vigilance, perseverance and justice.

For over 200 years our flag has symbolized the unity and strength of our country. It is a source of inspiration and pride and has become the single-most viable icon in our nation's history.

We are celebrating this great icon by pairing it with another American icon – the Corvette. We will create an American Flag with nearly 200 Corvettes on Friday.

Join us at the Grandstand on Friday at 2 p.m. The ceremony includes special guest speakers and a parade you won't want to miss!

Special Guests

Installation Alley

If you are thinking about a new exhaust system or other performance upgrades for your Corvette, go to Installation Alley! The biggest names in the industry will be here throughout the event. Choose from Borla, Corsa, MagnaFlow, Billy Boat, American Racing Headers, Kooks, East Coast Supercharging, Mid America and A&A Auto Stores. Make your arrangements with the installer and obtain a special drive-in entry

pass from them if you are parked outside the grounds. If your Corvette is not registered on the Fun Field, you must pay admission and parking fees to enter the grounds.

Diagnostics

Due to overwhelming demand from Corvette owners, Carlisle is happy to announce that Paul Koerner and Brittany George have agreed to conduct weekend-long seminars and diagnostic sessions in the Corvette Mechanic Tent. Watch Paul Koerner and Brittany George professionally advise Corvette owners on their Corvettes throughout the weekend. Have an issue with your Corvette? You can schedule a 15- to 30-minute diagnostic session on your own car. Observe complex computer diagnostics of any Corvette system from 1997 to 2014 Stingray. The entire car can be evaluated or just a particular problem. Don't miss out on this incredible new feature! Diagnostics are on a first-come, first-served basis and are appointed at the tent by Paul or Brittany. Time slots will fill quickly, so don't delay. (Diagnostic sessions are free but a donation to the Chip Miller Charitable Foundation is appreciated and encouraged.) See schedule for times.

Beauty and the Beast Contest

The true beauties of the Corvette hobby have competed in a Facebook contest called Beauty and the Beast! Meet the ladies and their Beasts on stage Friday at 3 p.m. as we crown the 2015 winner. If you haven't voted yet, you have until Friday at noon. Visit www.facebook.com/

CorvettesatCarlisle, click on "Photos" and choose the 2015 Beauty and the Beast album, pick your favorite photo, then click the "Like" button to cast your vote.

Autocross

Sponsored By Cumberland Valley Corvette Club

The only thing better than a show-ready Corvette is a show-ready Corvette on the race track! The autocross allows experienced drivers to put their driving skills and their Corvette's performance to the test while also allowing beginners to learn more about the sport of autocross. Novice drivers will have the opportunity to learn from instructors and sharpen their skills with in-car instruction. It's a \$20 fee for one session (a session consists of at least three chances) on Sunday only (8 a.m. to finish on Sunday). The track will be open for practice on Friday from 10 a.m. to 2 p.m. Register at the CVCC tent (near NCCC) Friday and Saturday 9 a.m. to 3 p.m. or until registration is filled.

Burnout Contest

Sponsored by Corvette DNA

Get your seat in the grandstand to see the burnout contest and cheer on the participants.

To compete, register at Guest Services by 4 p.m. Friday. A show sticker (Fun Field or vendor), driver's license and proof of insurance are required. Limited to 10 vehicles and three minutes per participant. Winner receives an award plaque, T-shirt and free Fun Field registration for next year!

■ Ms. Carlisle Contest *Sponsored by Corvette DNA*

Contestants for Ms. Carlisle compete for cash prizes on Saturday evening. Ladies must register at Guest Services. Must be 18 with valid ID. Complete rules and contest format are available on the registration form.

Join Corvette DNA before the contest at the Grandstand for some trivia and cool prizes!

■ Parade & Street Party *Participate*

If you pre-registered to participate in the parade, **you must check in with the Downtown Carlisle Association at the Parade Registration tent at Row IE 77 to get your credentials** and official parade souvenirs.

If you'd like to sign up, visit the Parade Registration tent at Row IE 77. The fee is \$30 and includes a goody bag with commemorative t-shirt and dash plaque. Your Corvette must be registered for the the Fun Field or NCCC Judged Showfield to participate.

Join the Party

On Saturday night, join the fun in charming Downtown Carlisle for the Corvette Parade and Street Party including a live band, the My-80s. Stop by Guest Services for a street map and flyer listing specials at the restaurants and shops.

■ Moment of Revving *A Tribute To Lost Loved Ones*

On Saturday at noon, we would like all drivers near their Corvettes to start their engines and give them a good rev for 15 seconds in tribute to Chip Miller (co-founder of Carlisle Events) and all of our other Corvette friends who have passed, followed by a brief moment of silence.

■ The Carlisle Quest

On Friday and Saturday, throughout our 82 acres, we have seven generations of Corvette-themed bowflags waiting to be found. It's your job to find them! Prizes and official Carlisle Quest pins will be available to those who complete the quest successfully. See page 38.

■ Shopping Experience

Visit our partners on the Manufacturers Midway, find a Corvette in the Corral and shop the Swap Meet. You'll find new product manufacturers, vintage accessories, parts and memorabilia. Vendors are listed by specialty and alphabetically in this directory. Title transfer services are offered at the Notary Office in the Pavilion. Financial services are available through Orrstown Bank, inside Building. T.

■ NCCC Concours *Hosted by the York County Corvette Club*

Compete against or take a look at the best Corvettes in the world! The National Council of Corvette Clubs' (NCCC) Concours Judged Showfield (seven sanctions event) awards cash

prizes to the "Best of Show" winner as well as five other categories. The competition is limited to 175 Corvettes. Awards include Best of Show, \$500; Best of Concours Prepared, \$100; Best Modified, \$100; Best Street Prepared, \$100; Best Wash and Show, \$100 and Best Custom/Race Prepared, \$100.

■ Celebrity Choice Awards

On Saturday from approximately 1 to 4:30 p.m. all cars parked on the Corvette America Fun Field (with a Fun Field sticker on them) are eligible for a Celebrity Choice Award. If your car is chosen, you will find a sticker on your windshield. All you need to do is check in at Guest Services on Sunday morning to pick up your award and sign up for the Awards Parade. During the parade, your name will be announced as you pull up in front of the Grandstand. The parade is a great photo-op for family and friends and a great way to honor those selected by some of the biggest names in the hobby!

■ Club Challenge & Coolest Hangout

Each year, clubs compete to see which has the most vehicles in attendance, and an award is presented to the winner. There is also an award presented to the club with the coolest hangout. See who won last year on page 46.

Corvette clubs are welcome to join our club tent area. It does not include reserved parking space, but it's all about networking and having fun! If you are interested in joining the club tent area next year, contact Jodi at JodiM@CarlisleEvents.com.

■ Free Registration for Carlisle Blues

All 2012 Carlisle Blue Corvettes get free Fun Field registration! If you own one, be sure to contact Jodi at JodiM@CarlisleEvents.com.

■ Chip Miller Charitable Foundation

Chip Miller, co-founder of Carlisle Events, passed away from complications related to primary Amyloidosis in March 2004. The foundation was developed to support the research and prevention of Amyloidosis, a rare plasma cell disorder. A variety of items are for sale in the Corvette America Hospitality Tent to benefit the foundation. More information on page 24.

■ Chip's Circle V.I.P. Package

New this year is the Chip's Circle V.I.P. Package. To join, you must have registered online at www.chip-miller.org by July 27th (fee \$275). The package includes reserved parking on the Fun Field, admission for two people, front row seating at all stage activities (flag presentation, Ms. Carlisle and burnout contests), an Express Pass for all autograph sessions and meet and greets with special guests (Chip Foose, Dave McLellan, Wil Cooksey), a meet and greet with Lance Miller, a garage tour of the Miller Car Collection, Full access to the Chip Miller Charitable Foundation (CMCF) Hospitality Area in the Corvette America Hospitality Tent for water and snacks during the event. The package also includes dinner for two at the CMCF Benefit Dinner Friday evening at the Carlisle

Expo Center. The dinner includes drinks, guest speakers, a silent auction and door prizes. Finally, Chip's Circle V.I.P.s will receive a custom gift from the Miller Family and the Foundation.

■ CMCF Benefit Dinner

The Chip Miller Charitable Foundation Benefit Dinner at the Carlisle Expo Center Friday evening includes a catered dinner, drinks, guest speakers, a silent auction, raffles and door prizes. To attend, go to the Expo Center at 5:30 p.m. and if there are still openings, you may purchase a ticket for \$50. Sign up early for next year at www.chipmiller.org.

■ Women's Oasis

We have filled a huge tent with vendors and activities specifically for women in the Women's Oasis. There are special giveaways as well. See page 14 for all the details.

■ Free Shopping Shuttles

We provide a free shuttle to the outlet shopping center in Hershey. Details on page 14.

■ Hotel Bus Shuttle

Experience the Thrill of a Lifetime

What could be better than a relaxing three-day stay at a resort in western Nevada? How about the ability to drop the hammer and take a Corvette onto a race course with instruction by professional drivers? You can do that if you are the lucky winner of this weekend's giveaway.* One (1) person will be awarded a \$500 Visa gift card, given the chance to spend three nights at the Spring Mountain Motor Resort and Country Club in Pahrump, Nevada and have access to the Level 1 Ron Fellow's Performance Driving School.

Call it High Speed 101 if you'd like, but this Level 1 deal is really open to drivers of all skill sets. If you want to know what you'll experience, keep reading...because you'll be in for the experience of a lifetime if you win this prize.

Register at Guest Services by 3:30 PM Saturday!

If you are a registered vendor, Fun Field participant or NCCC competitor, you are already entered to win.

First, what are you driving? How about the all new C7 Stingray Corvette. It won't be a basic C7 either as it comes with the Z51 option package.

What about the sessions? The Level 1 driving school is as much educational as it is hands-on fun. The curriculum focuses on developing your car control skills and performance driving techniques. And, so you don't feel alone or lost, there is a two-way radio. This keeps you in constant contact with the instructor.

It's one thing to drive fast on a dry surface, but what about wet roads? This curriculum also includes dynamic car control exercises for wet surfaces, handling on oval courses versus road courses, and helps improve your driving skills visually. After all, you need to see what's in front of you at all times as well as what is beside and behind you too. There is instruction on cornering and you'll get to lead and follow the instructor while also getting open track time.

Mind-speed and decision-making are key elements in the high performance world. All car control exercises and on-track training will help you improve your ability to process information quickly and accurately, resulting in a better coordination of eyes, hands and feet as well as improved speed and accuracy.

When you are done with the R&R (rest, relaxation and racing), you'll find yourself a more knowledgeable and confident performance driver.

■ **1997-2013 Stingray Technology Simplified**

Presented by Paul Koerner and Brittany George

Fri. 8 AM & Sat. Noon, Corvette Mechanic Tent

Steering column lock, service active handling, removable top noises – these are subjects that get a lot of internet airplay, and rightfully so. Each generation has its own set of pattern issues that are mostly common place. In this seminar, Paul and Brittany will cover how to diagnose and repair these issues in short order. They will share tips and tricks that will allow you, the Corvette owner, to take care of most matters yourself. Question and answer will follow to address individual concerns.

■ **1984-1988 Standard Seat Cover Installation**

Presented by Corvette America

Friday 9 AM, Building R

Does your C4 interior need a refresh? If so, plan to attend Corvette America's 1984-1988 Standard Seat Cover Installation Seminar. Watch as our expert seat cover installation specialist performs a full standard seat cover install for 1984-1988 Corvettes. Corvette America offers two seat cover materials for that year range with two different insert styles – perforated and non-perforated. Also available pre-mounted on foam. Learn the proper techniques as well as some insider tips on how to install these quality seat covers. There will be plenty of time for questions and answers during the seminar.

■ **Project Corvettes - What to Look For**

Presented by Chris Petris

Friday 9 AM, Corvette America Hospitality Tent

Plenty of “good deals” are out there for someone looking to put sweat equity into a Corvette project. Sometimes you will get lucky and save a lot of money this way, but there are times when the

complete opposite occurs. Chris will cover the inspection process, the right questions to ask and how to interpret any documents that may come with the deal. This seminar is not about locating numbers-matching, restorable Corvettes; it is about making the right choices and saving money along the way. Bring your questions so everyone can learn.

■ **Corvette Value Trends**

Fri. 10 AM & Sat. 10 AM, Building R

Presented by Auto Appraisal Group

What's hot, what's warm and what's cold in today's market. To include some strange appraisals of the past. Don't miss this very informative seminar. Be in the know about today's values and what the future may look like for American's sports cars.

■ **"No Time to Cry" Motivation and More**

Meet and Greet with Wil Cooksey

Fri. 11:30 AM & Sat. 1:30 PM, Bldg. R

Inducted into the National Corvette Hall of Fame in 2013, we welcome Wil Cooksey to Carlisle. Visit with Wil as he discusses the motivation behind his book “No Time to Cry.” Hear his stories and get the inside details on what gave him the courage and know-how to become the longest running Corvette Plant Manager in history. To purchase copies of Wil's book, visit him in the Corvette America Hospitality Tent between seminars all weekend long.

■ **1997-2013 Corvette Updates and Assistance**

Presented by Paul Koerner and Brittany George

Friday 11 AM & Sat. 8 AM, Corvette Mechanic Tent

Technology in many forms command respect in this generation of Corvette. Why is it that some features work and some don't? Is it because we simply need a detail that is being overlooked? Is it that we just need more schooling on the systems and how they work? As technicians and owners, **no one** can understand

all the technology and how all the computers interact. Paul and Brittany will break the information down into simple terms, show you what the computers see and help you understand many of the details that are overlooked in Stingray. Question and answer will follow to address individual concerns.

■ **ZR-1's 24 Hour Record Run**

Presented by Dave McLellan

Fri. 11:30 AM & Sat. 9 AM, Corvette America Hospitality Tent

We are delighted to have Dave McLellan, former Corvette Chief Engineer, join us again this year! Before retiring, he had a hand in the design of the C5. He's written a book called “Corvette from the Inside, the 50 Year Development History.”

Join this seminar and hear him discuss how the Corvette ZR-1 broke the 24-hour land speed record in 1990, a record that held for nearly 50 years! In the 24 hours of March 1-2, 1990 on the track at Fort Stockton, TX, the Corvette team set an FIA World Endurance Record with a stock ZR-1 traveling 4,221 miles in 24 hours at an average speed of 175.885 mph. He'll talk about the preparation, logistics and what it was like to drive day and night and day for 24 hours.

Visit Dave throughout the event at the ZR-1 Display tent.

■ **Car Care by Meguiars**

Fri. & Sat. at Noon, Meguiar's Display behind Stage

Our long-time partners at Meguiar's continue their seminar tradition. Join them on the Midway (behind the Stage) at their display for car care basics you surely don't want to miss!

■ **C2-C3 Rebuilds Open Discussion**

Presented by Gary Ramadei

Friday 1 PM, Building R

This seminar encourages audience participation with questions covering topics that were discussed in greater detail over the last several

years. Don't miss Gary's hands-on demonstration that is sure to get you the answers you need for your rebuild.

■ **All About Weatherstripping**

By Kenny Yagar

Friday 2 PM, Corvette America Hospitality Tent

This seminar will focus on the removal of old weatherstripping and show you the tools needed to be successful. Once removed, Kenny will focus on the new installation and what is needed to complete a successful install. He will cover a little of all generations weatherstripping installation. You won't want to miss the tools and tricks that make this project easy for any generation!

■ **Women's Car Care Clinic**

Presented by Paul Koerner and Brittany George

Friday 2 PM & Sat. 3 PM, Corvette Mechanic Tent

Ladies, this seminar is for you! Join Paul and Brittany for this LADIES ONLY seminar about any and all aspects of Corvette. From C4 to C7, any and all questions will be answered. Why do we change fluids? What fluids should be changed? How do I know I need tires or brakes? Why does my car make a noise? My car doesn't drive like it used to, why? These may sound like simple questions but in truth, simple questions always prevent big repair bills later on. Let them help you understand your Corvette in simple terms and in a calm atmosphere. They will have a few Corvettes on hand to show and help you better understand your Corvette! Question and answer time will be provided after the demonstration.

■ **Choosing the Right Pieces for Your Project**

Presented by Chris Petris

Friday 3 PM, Building R

After many years of experience completing restorations and projects Chris knows first-hand how difficult it can be to put together a comprehensive plan. All too often a Corvette project car is purchased and the

love affair fades quickly as the costs mount and “gremlins” keep popping up. Many projects are sold time and time again for this very reason. He will cover how to put together a step-by-step plan for the project from start to finish, what to attack first, and which parts work in harmony. He will also discuss when a professional should take over to help save you money in the long run. Don't be afraid to ask questions about your project or potential project.

■ **The Truth About Oil/Defending Carburetors from Ethanol**

Presented by Driven Racing Oil

Sat. 4 PM, Building R

This seminar will first focus on oil with some history, trivia, “Motor Oil 101,” explaining zinc, and a review of how and why oil specifications have changed over the years. There will be a strong emphasis on the changes to “SM” and “SN” specifications in 2004 and 2010. It will continue with providing an explanation of ethanol in today's fuels and why ethanol destroys carbureted fuel systems. After a little background information, you'll be educated with ways to prevent damage to your fuel system along with products to solve these problems. It will conclude with a Q&A session for your specific needs.

■ **C2 Knockoff and Direct-Bolt Knockoff Wheels: Similarities, Differences and Installation**

Presented by Corvette America

Saturday 9 AM, Building R

Wheels are a big part of what gives a midyear Corvette its distinctive look. Corvette America's Sales and Technical Advisor, Doug Swoboda, will discuss the differences between Original Style Knockoff Wheels and Direct-Bolt Knockoff Wheels for 1963-1966 Corvettes. For decades, Corvette America has been an innovator in the production of both Knockoff and Direct-Bolt Knockoff Wheels. A demonstration of how to properly install the wheels, an overview of what tools are needed for the install and a question and answer period will be some

highlights of this seminar.

■ **Fuel Injection Troubleshooting**

Presented by Chris Petris

Saturday 11 AM, Building R

Chris will begin with the basics of how the fuel injection system works including various sensor functions. Sensor failures and the effect they have on engine performance will be covered. Engine scanners are a must today; he will hook one up and go over what each parameter means and what to look for when engine performance is lackluster. He will also bring photos and props to show some of the many things that are typically found that hurt performance. Most importantly Chris will cover what to make note of when you are trying to diagnose a problem or explain a problem to a technician.

■ **How to Purchase a Corvette**

By Butch Claar

Friday 1 PM, Corvette America Hospitality Tent

Butch Claar with Mid America Motorworks will give you valuable information to consider and talk about what to look for when buying a Corvette.

■ **Transmissions - Manual and Automatic Maintenance and Troubleshooting**

Presented by Chris Petris

Saturday 3 PM, Building R

They work tirelessly for hundreds of thousands of miles then one day nothing happens or, worse yet, they come apart while you are rolling down the highway. Today's transmissions are tough but they do require maintenance even though most shops do not recommend it until failure occurs. Chris will cover the transmission internals and what occurs over time that requires service on a regular basis. Transmission servicing techniques will be discussed and questions will be answered about any maladies you might be experiencing with your Corvette's manual or automatic transmission.

Chip lived by the mantra:
Life is Good

■ ABOUT CHIP MILLER

Chip Miller was known worldwide for his resilient positive attitude, his passion for Corvettes, his tremendous personal Corvette collection and for creating the grandest Corvette event anywhere on the planet – Corvettes at Carlisle.

In December 2003, Chip was diagnosed with a little-known disease called Amyloidosis. Sadly, due to complications from the Amyloidosis, the world lost an incredibly special human being on March 25, 2004. Had Chip and his doctors been aware of the symptoms of the disease when they first presented, this legend might still be with us today.

■ OUR MISSION

The mission of the Chip Miller Charitable Foundation (CMCF) is to empower people with the knowledge and understanding of Amyloidosis for earlier detection, ensuring a better quality of life for those afflicted with the disease and to help science find the cures.

■ ABOUT AMYLOIDOSIS

Amyloidosis occurs when enough abnormal protein, called amyloid, builds up in one or more organs to cause a malfunction. As an abnormal protein, amyloid originates in bone marrow. The heart, kidneys, nervous system and gastrointestinal tract are most often affected by the disease.

Signs and symptoms of Amyloidosis depend on the organs affected. The wide range of symptoms makes it difficult to diagnose.

■ YOUR SUPPORT IS APPRECIATED

During Corvettes at Carlisle, you can support the CMCF by buying merchandise, making a donation or by attending the benefit dinner. Additional events take place throughout the year to support the Foundation. Please visit our website for more information about them.

Merchandise Sales

You can buy CMCF merchandise such as scarves, ties, pins, "The Quest" DVD and more at the CMCF table in the Corvette America Hospitality Tent during Corvettes at Carlisle. See schedule for hours.

Corvettes, Dinner & Fun!

This brand-new fundraising event will continue annually on Friday evening during Corvettes at Carlisle. We know you and your friends want the fun to continue, so join us for this benefit dinner at the Carlisle Expo Center. This is a wonderful way to join your fellow Corvette enthusiasts, support the CMCF and pay tribute to the Corvettes at Carlisle founder, Chip Miller. There will be a catered buffet-style dinner with beer and wine, a special video feature presented by Michael Brown, the opportunity to mingle with Corvette dignitaries, several guest speakers, a silent auction, raffles and door prizes and, of course, Corvettes!

Tickets are \$50 and a limited number will be sold at the door just before the event begins. You can pre-register online for next year and get your ticket for \$40 if purchased before the deadline.

Chip's Circle V.I.P. Package

Consider joining Chip's Circle next year. It is a package that includes two tickets to the Benefit Dinner plus a lot of exciting perks! See our website for all the details and to sign up for 2016.

› special display: **Chip's Choice** Building T

Chip Miller took great joy in hand-picking cars for a display he called Chip's Choice because they were just that, his choice. His son, Lance, has been proudly carrying on his dad's enthusiasm for this display with a new theme every year. This year the theme is honoring our heros. The Corvettes on display are owned by those who serve or have served in the military, fire or police departments. With this display, we honor those who fight for our daily freedoms.

To compliment our salute to heros theme, there will be an American Flag made of Corvettes on the hill Friday and a special ceremony at the stage. Check the schedule and be sure to join us.

Next year's display will feature Greenwood Corvettes in honor of customizer John Greenwood who passed away this year. You'll get to see several wide-bodies in this special display.

CHIP'S CHOICE #335

Michael Brown
1963 Corvette

Michael Brown has a Corvette collection so large that while the majority are stored in his 3,000 square foot custom-built, climate-controlled garage, some of the vehicles still have to be stored elsewhere. Michael frequently welcomes Corvette clubs to take tours around his garage located in the state of Texas. While his vehicles range in year from 1954-2012, the one that was chosen for the Chip's Choice award is a 1963 split window coupe, his very first Corvette. Michael became infatuated with this car when he was in high school but never thought he could actually own one. 22 years later, he purchased the car and the rest is history.

Ten years after the '63 Corvette was debuted, Michael wrote the essay "What Is An American," (printed below). Years later, he realized that the theme of his poem is closely connected to the Corvette hobby. His essay described the sacrifices U.S. military members have made throughout history to preserve our freedom. Anyone who owns a Corvette knows that the car gives you the feeling of "freedom" on the road.

Listen to Michael Brown recite his essay "What Is An American" during the Corvette American Flag Presentation on Friday. See the essay on page 29.

CHIP'S CHOICE #336 **Doug Robinson • 1965 Corvette**

Doug Robinson ordered his 1965 Corvette while deployed in Vietnam as part of the United States Air Force back in 1964. A USAF aircraft flew him to St. Louis, Missouri to pick up his new 'vette from Meyer's Chevrolet Company in December of 1964. Doug then drove to his home in Maryland where both he and the car still reside. The Corvette has the original paint, chrome, engine, interior, gauges and both tops.

After his USAF career, Doug became a Honeywell technical engineer and remained there until his retirement 40 years later. While at Honeywell, Doug was the Chief Field Service Engineer supporting the Air Force One aircraft. He also supported all USAF Air Mobility Command aircrafts.

Both of Doug's sons followed in his footsteps, as they are pilots in the Air Force and Army. Doug is still an A&P certified mechanic and a commercial/instrument rated pilot. He is also an active member of the Veterans of Foreign Wars and American Legion organizations.

In his retired years, Doug enjoys working in his automotive business, RaceTech Inc. He builds and modifies Corvettes, street rods, and other vehicles. Along with the 1965 'vette, Doug and his wife own a 40th anniversary Corvette coupe and a 2004 Corvette convertible. Their collection also includes antique and vintage vehicles as well as drag race cars.

CHIP'S CHOICE #337 **Cliff Johnson • 1970 Corvette**

Cliff Johnson purchased his 1970 Corvette to fulfil his "bucket list wish" while deployed in 1970. He served in the Army from 1968-1971, and spent the year of 1970 in Vietnam. Many military personnel would purchase new

cars through the Post Exchange, unfortunately Corvettes were not part of this program at the DaNang PX. Cliff's father sent him sales brochures from a local dealer near his hometown in Maryland, and a 1970 'vette was ordered that spring. Cliff returned home for a short time period and was able to drive the car until he was deployed to Germany in the fall of 1971. His parents were able to keep the Corvette while he was stationed overseas.

The car has been a faithful daily driver for many years and also served as a primary family vehicle, being named "Old Green Machine" by Cliff's kids. Snow tires were mounted on during winter months in Maryland. The odometer broke 61,000 miles in the early 80's. The only major work was an engine rebuild in 1991 due to a broken timing gear and windshield frame repair. As you might have guessed, the paint does have a few nicks but the engine still runs well.

CHIP'S CHOICE #338 **Jerry Mackling • 1988 Corvette**

The 1988 Dark Red Metallic Coupe with a 500 HP 383 stroker engine was featured in the June 2014 issue of Corvette Magazine has been chosen to be part of the 2015 Chip's Choice. The owner, Jerry Mackling is an experienced Corvettes at Carlisle patron, making the trip from Virginia with his son Damon since 2008.

Jerry was in the United States Marine Corps from 1992-1999 and spent his first four years in Okinawa, Japan and Korea as a Marksmanship Instructor. He was then assigned to Marine Barracks 8th and I in Washington D.C. where he was a platoon Sergeant for a transportation unit that required a lot of time to be spent in the White House. After leaving the Marine Corps in November of 1999, Jerry joined the Prince William County Police Department. He spent three years on a patrol squad and then joined the Bicycle Unit in 2003 where he worked alongside Narcotics Detectives. In 2007 Jerry was chosen to be a Detective in the department's Major Crime Unit where he was assigned to work financial crimes. In 2014 he was reassigned to another patrol squad and is currently still assigned there and enjoying it.

CHIP'S CHOICE #339 **Dennis Davis • 1998 Corvette**

Dennis Davis is a Pittsburgh native and a retired fire fighter. For 32 years, he was a volunteer at his local fire department and eventually worked his way up to

Chief. Dennis and his wife had three children who are also connected to his line of work, as his oldest joined the same department and is now a paid firefighter. His next son joined the Marine Corps and trained as an aircraft crash rescue fire fighter and served several tours overseas while the youngest child, a daughter, is married to a marine and living on Camp Lejeune N.C.

Dennis decided to buy his Coupe after retiring from the fire department, as a Corvette is something he always wanted to own. Dennis drove the car for a year and attended car cruises and also came to Corvettes at Carlisle with it. He decided the car needed to stand out in the crowd so a few subtle modifications were made.

CHIP'S CHOICE #340 **Lou Pittack** 2003 Corvette

With a nickname like Captain America, it is only fitting to have a Corvette to match. Lou Pittack is a veteran of the U.S. Air Force and spends his retired days volunteering for various veteran organizations. A veteran in more ways than one, Lou and his wife have been attending Corvettes at Carlisle since the very beginning.

The generous couple has escorted the Moving Wall a number of times, stood watch throughout the night, participated in welcome home events for our service members returning after being stationed overseas, helped out at area veteran homes, escorted Wreaths across America, and in general have supported the Veteran population whenever they can.

Lou was given the nickname "Captain America" while in the service and it stayed with him through the years. He has always had Corvettes, but Lou now owns a 2003 Corvette absolutely made for Captain America. He now shares his love for 'vettes with his 20 nieces and nephews, giving them rides and also showing them how to drive.

CHIP'S CHOICE #341

Mike Skelly
2004 Corvette

Mike Skelly is a Police Officer with the U.S. Department of Veteran Affairs Police Department in Bath, NY and has a total of 33 years in law enforcement under his belt. He is also a 25 year veteran of the U.S. Army/Army Reserve having retired in 2004 at the rank of Major. In 2001 Mike was in a Civil Affairs Army Reserve unit in Syracuse, NY when the United States was attacked on September 11th, and in June of 2002 he was deployed to Afghanistan. Mike was a team leader for a Special Operations Civil Affairs Team and supported the Special Forces (Green Berets) in Civil Military Operations. Mike returned to the United States in September 2003 after a very successful deployment. In 2004 after 25 years of service he decided to retire.

The love affair with Corvettes began when Mike was only 9 years old after seeing the movie Hot Rods to Hell, with the 1958 Corvette being the coolest car he had ever seen. Mike bought his first Corvette in 1995 but not long after had to get rid of it. After returning from Afghanistan, Mike and his wife came across a 2004 Corvette with a custom patriotic paint job. Mike looked at the engine and saw it had headers, a custom exhaust, cold air induction, Hurst competition shifter 4:11 gears and a custom trailer that was an exact replica of the car. Mike knew he had to have the 'vette because it represented his service to his country as an Army officer and to his community as a police officer.

CHIP'S CHOICE #342

Dan Soldano
2009 Z06 Corvette

Dan is a retired Navy Commander and a Vietnam combat veteran. He is a man that is well traveled, as he has

been to 47 states in the US and 30 countries throughout the world. No matter what country he traveled to in the past, he still looked forward to returning home and feels privileged to have been able to serve and help maintain the "greatest country in the world."

Dan owns a totally original yellow Z06 with Vietnam Veteran license plates from New Jersey. It was in the NCRS Gallery in Carlisle in 2009 as a Sportsman entry. He is proud that the military members who form a bond with those who don the uniform have been able to come together as a group in the Corvette hobby.

Dan has a special message to service members/families in attendance this weekend: Thanks to the families of the fallen for their service; we can never repay their debt. We must never forget that freedoms realized under the American flag were achieved from the blood of the fallen and the tears of the living.

CHIP'S CHOICE #343

Jerry Hilbert
2013 Corvette

After college, Jerry joined the Navy Seabees and spent two tours in Vietnam. His first deployment was from 1966-1967 and his second was from 1967-1968. The Seabees did construction work for the Third Marine Division and both of his tours were spent with the Mobile Construction Battalion 62 as Engineer Aid and Surveyor.

Jerry and his wife Barbara have been coming to Corvettes of Carlisle since 1991, usually registered in the Fun Field but have also had four Corvettes displayed in the NCRS Gallery. Those cars include a 1994 Copper Metallic coupe, a 1994 Copper Metallic convertible, 2007 Pace Car, and a 1998 Aztec Gold Convertible.

The car of Jerry's that was chosen for Chips Choice is a 2013 427 convertible, low production model 1 of 17. Features include exterior code u-28, Inferno Orange, beige top, 4lt added custom leather wrapped interior, ebony/cashmere and 3lt equipment group with 6 speed manual transmission.

Military and Flags of Honor have been graciously donated by Dan Soldano and Jerry Hilbert in honor of all service members, past and present.

What is an American?

By Michael Brown

An American is not delineated by a particular skin color or way of life. He is a person from many places with many shades of skin, of different sizes and varied energies. He has a Master's Degree or he may never have finished high school. He may drive an expensive automobile or perhaps he relies on two mules to carve his living out of the earth. But regardless of what he is, facing the different physical features together is a bond of strength in tradition which exemplifies the American way, a way which opens the doors of opportunity to all peoples who may knock upon them. An American has a spirit which was born when the bells tolled of independence and which has released the adrenalin of his nation time and time again when its existence was threatened by an aggressor.

An American does not view armed conflict as a means of getting

what he wants, but rather as a means of protecting what he has. He is one who loves the very concept of peace for all nations, but will not hesitate to fight on the shores of others to protect his own. An American sees the knowledge of experience in his past, feels pride in the accomplishments of the present, and has hope for the future of the world even when others would view the days to come with dismay. But a realistic American finds no guarantee of freedom or security in the future solely because he has always had it in the past.

An American recognizes the faults of his system and seeks to correct them through a process unknown to many nations. A process which does not promise absolute perfection, but one which allows for peaceful change, if change is needed. That process is democracy, and an American holds that word so dear that he stands ready at a moment's notice to lay down his life for its perpetuation.

An American finds nothing at all unusual about getting cold chills when his flag passes in review, for his flag has always been a source of inspiration; when the smoke cleared over Fort McHenry, when its sheen was reflected on the sands of Iwo Jima, and when the colors glistened on the side of the craft which took the first man to the moon. An American sees nothing strange about getting a lump in his throat when the National Anthem is played, or weeping unashamed when taps is played for one who paid the ultimate price for his freedom. He realizes that the only thing that exceeds that price is the freedom itself. An American never forgets the indebtedness he has because of that sacrifice, for without it, his freedom would only be an unreachable concept in some philosopher's mind.

A true American is the essence of pride in a way of life. What is an American you say? He is fortunate.

1965 World's Fair Corvette Display

By Sarah Burkarth, Carlisle Events Social Media Specialist

In 1965, a cut-away Corvette was featured in the GM Futurama building at the World's Fair in New York and a Mark IV 396/425 cut-away engine was part of the display.

GM always had two identical and completely interchangeable displays at all major shows so that touch up and maintenance could be done without having an empty booth.

In 1966 the World's Fair closed and GM sent one of the displays to a car show in South Africa. To avoid the cost of shipping, GM then donated it to an engineering college there at the conclusion of the show.

Students dismantled and reassembled the engine, losing some of the small parts over the years. The

dismantled engine was stored in a crate until the late 90s when a South Africa Executive got permission from the college to ship the display to Florida.

In 2000 he took the display to the NCRS Florida Chapter meet. It was entered into an impromptu auction and purchased by Al Wiseman of Tarpon Springs, Florida. He sold the display for \$704,000 at an auction in 2007, but kept the engine with plans to restore it. Eventually, he sold it to Ken Kasyer, former Big Block Business Team Manager at the Tonawanda GM plant, who began restoring it in 2013.

Ken happens to have a family connection to the engine as his father was the General Supervisor of

Inspection on Tonawanda Big Block Assembly Line and spoke about the engine at the 1965 World's Fair.

Meanwhile back in Detroit, the twin of the original Corvette display remained in storage and was eventually donated to Ferris State University's Plastics Engineering Program. The body's whereabouts remain unknown, however, Curt Simlik owns the chassis and drive train from this display. Curt bought the chassis at an auction in Texas this past May.

Both Curt and Ken will be displaying these special 1965 World's Fair items in Building T. This is the first time in 50 years that the chassis and engine have been displayed in the United States.

50th Anniversary of the 1965 Corvette

By Sarah Burkarth, Carlisle Events' Social Media Specialist

Some people may remember 1965 as the year "The Sound of Music" won an Oscar or the year The Beatles and The Temptations had number one hits. We remember it as the year that Chevrolet became the first company to build more than 3 million cars and trucks in a single year and debuted a now iconic Corvette.

2015 marks the 50th Anniversary of the 1965 Corvette and we have a tent set up with 20 of these beauties for you to admire. 1965 was a memorable year for Corvette and the big block engine, with a production total of 23,562 of which only 8,186 were coupes. These cars were produced

from August 1964 through August 1965. This marked the first and last year of the 396 ci-425 hp engine for the Corvette. It also was the first year that four-wheel disc brakes were available as standard equipment.

The colors options for the 1965 Corvette included Tuxedo Black, Ermine White, Nassau Blue, Glen Green, Milano Maroon, Silver Pearl, Rally Red, Goldwood Yellow, and five 1965's had non-standard paint or primer. Interior styling showcased newly styled bucket seats and real leather also became an option.

MIKE PERSSON

Mike Persson: His Corvette Passion Lives On

By Jon Persson

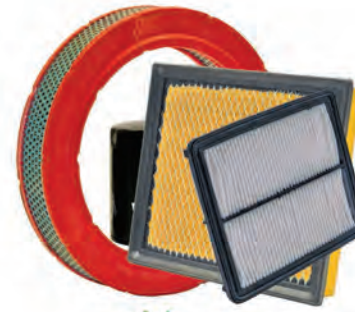

Years of watching the classic television show "Route 66" inspired Mike Persson's passion for Corvettes. He attended the Missouri School of Mines and Metallurgy (now Missouri University of Science and Technology) and earned his electrical engineering degree. After that accomplishment, Mike purchased a 1962 Corvette with one of his first paychecks. Soon after, he bought a brand-new 1965 Corvette and used it for decades to commute to and from work, haul kids behind

the seat to sporting events, pull the family boat (bad idea) and bring home Christmas trees in the passenger seat. He and his father even took it on a trip to California on Route 66.

In 2012, the Corvette was completely restored. Mike and his family traveled to Bowling Green, KY to take delivery of a 1999 magnetic red convertible Corvette. Later, Mike and one of his sons duplicated the Route 66 trip in it.

Mike was an active member of the Raleigh Corvette Club

and served as its secretary. He regularly attended Corvettes at Carlisle and was excited about entering his 1965 in the 50th Anniversary display this year. Although Mike passed away earlier this year, his sons, Jon, Chris and Mike have brought their dad's Corvette for the display. Mike's passion for Corvettes was strong to the end, and his memory will live on through his sons and his beloved car.

25th Anniversary of the ZR-1 Corvette

By ZR-1 Net Registry

This year we are joining the ZR-1 Net Registry in celebrating the 25th Anniversary of the Corvette ZR-1. It is also the 10th Anniversary of the ZR-1 Net Registry, the organization dedicated to "Keep the Legend Alive."

The Corvette ZR-1 was introduced to the world as one of the most technically advanced engines of its time. It featured a unique overhead cam engine that was conceived by management and engineers at GM and brought to reality through the combined efforts of Lotus Engineering in England, Mercury Marine Manufacturing in Stillwater, OK and the Chevrolet Division of GM. Twenty-five years later, it remains the only production Corvette model with a dual overhead cam V-8 engine, the "LT-5," which was a distinctly original engine

unique to the fourth generation. This special Corvette set new standards in acceleration performance while meeting federal emission regulations and providing outstanding fuel economy.

In 1990, the Corvette ZR-1 was used by a team of eight to break the 24-hour world speed record. The team included Tommy Morrison, Scott Allman, Kim Baker, Stu Hayner, John Heinricy, Don Knowles, Scott Lagasse and Jim Minneker. The record of 160.180 mph was set in July 1940 at Bonneville Salt Flats by Ab Jenkins and stood for nearly 50 years. Using an unmodified LT-5 engine, the ZR-1 set three FIA World Records: 5000-kilometers at 175.710 mph, 24-hours at 175.885 and 5000-miles at 173.791. In comparison, the average speed of the winning car in the 1990 Daytona 500 was 165.761 mph; however, the Corvette ZR-1

ran 10 times the distance at speed without mechanical failure. This was an amazing feat for a production automobile.

The C-4 Corvette ZR-1 was produced from 1990 through 1995 with 6,922 in total; only 448 were made in 1993, 1994 and 1995. The unique features of the Corvette ZR-1, its amazing history, and continued interest among automotive enthusiasts make it one of the most collectible C-4 Corvettes. As a result, the ZR-1 Net Registry has been the largest Corvette Club at Corvettes at Carlisle for three years running. To learn more about the Corvette ZR-1 and its unique history, visit the ZR-1 Net Registry's website at www.zr1netregistry.com or stop by the display in Rows IL and IM. Also, don't miss your chance to speak with Dave McLellan, Corvette's Chief Engineer during the development of the Corvette ZR-1.

Special thanks to these ZR-1 owners for participating in the display.

We say auto, but we know it is more than that.

Service as impeccable as your car.

Beautiful lines and admirable ingenuity, sleek bodies, strong engines and the soft hum of an exhaust. It's much more than just a car. It's automotive art. When it's time to ship it, you want to be absolutely sure it is taken care of. Our service may not be automotive art, but it's our job to ship and preserve it, and we take pride in that.

THE CARS. THE PEOPLE. THE EXCITEMENT.

> scavenger hunt: **The Carlisle Quest** Friday & Saturday

"The Carlisle Quest" is a documentary about the journey Carlisle Events' founder Chip Miller went on to find the No. 3 Briggs-Cunningham Corvette. Chip planned for this quest to involve finding the car, restoring it, and then taking it to France to celebrate its 50th Anniversary of the iconic Le Mans race where he would reunite it with the driver of the car, John Fitch. Devastatingly, Chip died in 2004 and in 2012 Chip's son, Lance, completed his father's quest.

This is where the inspiration and name originated for this scavenger hunt, The Carlisle Quest.

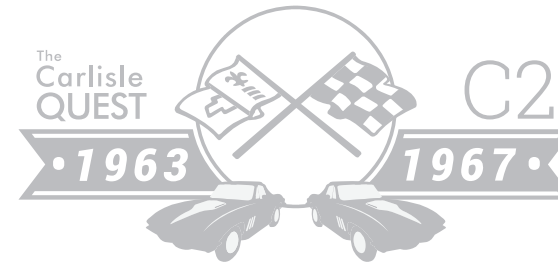

Quests are more than just a destination. They are a journey. Many a Corvette enthusiast

has enjoyed the quest to find their Corvette, like Chip did. Whether it involves finding, rebuilding, restoring or returning, a quest can become a lifelong event.

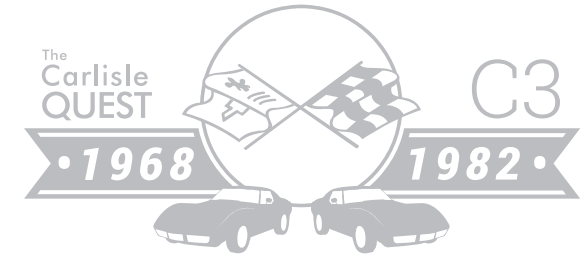

We invite you to share "The Carlisle Quest" with someone and experience the thrill of the hunt and the satisfaction of completing the journey. Shown here are seven clues (representing seven generations of Corvettes) to locations on the fairgrounds. Go to each, have your event guide stamped and at the end you'll receive a limited edition Carlisle Quest pin and can enter to win a 2016 Fun Field Registration. Hint: Each location is marked with a tall blue flag like the one shown here.

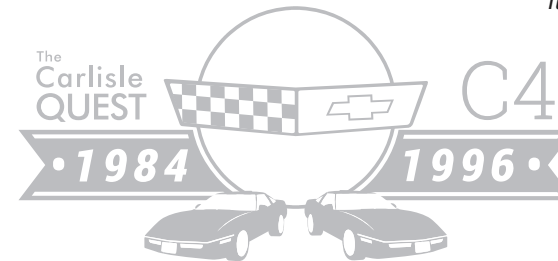

Neither train or bus does this location host
But the entrance itself by far sees the most
A man like Jared may frequent this spot
Here we go, ready or not!

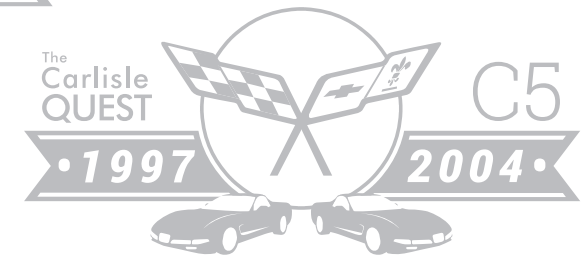

The "Age of Muscle" might describe this display
A beautiful sight from back in the day
We celebrate this car and all of its glory
50 years is quite a good story!

Many a visitor enjoy this location
As they travel for their Corvette vacation
Some go to eat and some go to rest,
It's where it arrives, not where the sun sets.

It's not always about the full-grown
Sometimes the little ones don't stay at home
When they arrive this is where they might run
Paint and create and just have some fun.

Many of our ladies frequent this spot
Filled with chrome it most certainly is not
It's relaxing and fun and filled with decor
This next spot hosts bling galore!

We are all aware it's the "King of the Hill"
1989 debuted a car that wouldn't sit still!
Visit this display to see of what we describe
Those who have driven, know it is quite the ride!

The center is where you'll finish your run
You've done all there is that needs to be done
A day of searching and you've finished the Quest
Please come in, you're one of our guests!

The NCRS Gallery XV is a must on everyone's list of great things to see and experience this weekend! The NCRS Gallery is conveniently located adjacent to Gate 1 in Building G. Housed in the old brick dealership building adds a nostalgic feeling of stepping back in time while viewing this year's spectacular exhibit.

The NCRS Gallery is an invitational collection of Corvettes of merit that exemplify what NCRS is all about. Carlisle Events sponsors the Delaware Valley Chapter of the National Corvette Restorers Society in presenting this annual exhibit to provide a deeper insight into NCRS' purposes, which are the preservation, restoration and enjoyment of Corvettes produced during the years of

1953-1999. The NCRS Gallery XV exhibit is extraordinary and a must-see while you are attending Corvettes at Carlisle.

A pristine 1954 Sportsman Red Roadster represents the 1953-1954 Class. A beautiful Crowned Sapphire 1959 represents the 1958-1960 Class. And a powerful 427ci, 390 hp Tuxedo Black Coupe represents the NCRS Duntov Mark of Excellence Award®. These are just a few examples of this year's display. NCRS Judging Classes and Awards will be represented. Be sure to see this phenomenal collection of Corvettes! Come and experience the NCRS Gallery XV firsthand!

2014 COOLEST CLUB HANGOUT – STAR CITY CORVETTE CLUB

Car clubs are invited to gather during our events for an official meet or just for fun. We encourage clubs to have fun with their club tent and decorate it for a chance to win the Coolest Club Hangout award. The Club

Challenge awards go to the three clubs with the most members registered for the showfield. The winning clubs receive a banner to display at their tent. For more details, send an e-mail to JodiM@CarlisleEvents.com.

To see a list of the Officially Recognized Clubs with links to their websites, visit: <http://www.carlisleevents.com/carlisle-events/corvettes-at-carlisle/corvettes-at-carlisle-clubs.aspx>

Coolest Club Hangout

The Star City Corvette Club won the coolest club hangout award in 2014. Club hangouts receive points for vehicle banners/flags, music, club banners, club merch, people, young enthusiasts/kids and club literature. This club had all of those things and more. Congratulations on having such a great time!

PRESENTING SPONSOR OF THE EVENT & OFFICIAL SPONSOR OF THE FUN FIELD

As the Presenting Sponsor of Corvettes at Carlisle, Corvette America would like to thank YOU for making this the world's greatest gathering of Corvette Enthusiasts. We also thank you for your support in making Corvette America your #1 Manufacturer and Supplier of Corvette Parts Interiors and Wheels.

We invite you to visit us at our NEW LOCATION along Duke Boulevard. For decades, Corvette America has had a major presence on J row in the swap meet area. Several years ago we added a second location on the Manufacturer's Midway. This year we have combined those two spots into a single, much larger location that will be situated along Duke Boulevard. There will be more displays, more products, lots of deals, and as always a chance for you to sit down with one of our knowledgeable sales staff to discuss all your Corvette needs.

Corvette America is famous for our interiors, which are manufactured 60 miles north of Carlisle, in Reedsville, PA. We have decades of research and development that go into each interior component so you get the highest standard of fit and quality. That's why we are The Preferred Supplier of Interiors in the Corvette Industry.

In addition to our interiors, Corvette America develops and manufactures Corvette parts too, from mid-year wheels to parts for your suspension, steering and brakes. Look for the "Made by Corvette America" symbol to know that you are getting a quality product at a reasonable price.

We look forward to seeing you on Duke's Boulevard!

OFFICIAL GIVEAWAY SPONSOR

SPRING MOUNTAIN MOTOR RESORT & COUNTRY CLUB is the exclusive home to the Ron Fellows Performance Driving School. The Corvette school has been honored as "The Official High Performance Driving School of Corvette" in 2014 with the launch of the Corvette Stingray owners school. This 332-acre driver's paradise boasts the longest road course in North America. At over 6 miles in length it is second only to the world famous 13-mile Nürburgring. But Spring Mountain is much more. Its resort style facilities rival the finest country clubs anywhere. And while attending the school, you and your immediate family can enjoy all the Club Spring Mountain amenities, including clubhouse, pool, Jacuzzi spa, fitness center, indoor shooting range and by appointment massage.

SPRING MOUNTAIN MOTOR RESORT & COUNTRY CLUB is an independently owned and operated Nevada LLC, privately funded and headquartered in Pahrump, Nevada. A tradition of excellence spanning two centuries ... in 1899, Charles F. Kerbeck, patriarch of the Kerbeck family and grandfather of the three brothers who are the present-day owners, began bringing his dream of providing quality transportation to the growing Philadelphia-area population.

In the beginning, horse-drawn carriages evolved into coaches

powered by gasoline engines, which evolved into automobiles. Over a century later, the Kerbeck dealerships include 12 highly successful franchises, 11 different brands, and nine separate showrooms. It is one of the great American success stories.

In the early 1920s, Frank C. Kerbeck continued in his father's tradition by opening an automobile dealership in Philadelphia and later expanded to New Jersey.

After Frank C. Kerbeck passed away in 1968, his wife, along with his eldest son Charles, operated the dealership. Shortly thereafter, Charles' two younger brothers, George and Frank, joined the business and the company began developing into the mega-dealership of today.

The Kerbeck dealerships are among the most successful in America. Among other accomplishments, Kerbeck Chevrolet in Atlantic City is currently celebrating their twentieth straight year as the world's largest Corvette dealership selling new Corvettes, an accomplishment of which they are very proud.

OFFICIAL OIL

AMSOIL specializes in developing synthetic technology designed for those who demand the best. Our full line of synthetic lubricants allows you to harness the full potential of whatever you drive, ride or operate.

Since the beginning, AMSOIL has stood apart from other lubricant companies. AMSOIL President and CEO Al Amatzio founded his company on the same principles that defined his career as a jet fighter squadron commander – excellence, integrity and strong leadership. In 1972, his first breakthrough came. AMSOIL 10W-40 Synthetic Motor Oil, the result of years of research and inspired by aerospace technology, became the first synthetic motor oil in the world to meet American Petroleum Institute service

requirements. It outperformed conventional oils on all counts, signaling a new age in lubrication science.

Since then, our commitment to performance hasn't relented. Our synthetic lubricants – formulated, blended and packaged in Superior, Wis. – continue to reset the standard, enabling you to continue testing the limits of vehicle power, speed and performance.

PREFERRED CAR CARE PRODUCTS

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear show-car perfect. They provide quality products for every surface of your vehicle – inside and out. Meguiar's Customer Care Center is available six days a week to answer any car-care questions you have at 800-347-5700. Or join the discussion on facebook or their online discussion forum at www.meguiarsonline.com. "People who love cars love Meguiar's."

OFFICIAL EVENT GUIDE PARTNER

It's no secret that American car values have been on the move over the past few years, both up and down. It pays for buyers, sellers and owners to know exactly what's going on in the marketplace at any given time, and that information is exactly what American Car Collector magazine does best. Each issue of ACC contains more than 100 market reports on individual cars that have appeared at auction, with published sold prices highlighted by on-site evaluations that cover condition, originality and options. Not only do we tell you what a car sold for, we help you understand why. Every issue also includes in-depth profiles on cars from GM, Ford and Mopar, joined by Hot Rod, Race Car,

Corvette and Truck. Whether you have one car or 20, ACC has the information that'll keep you on top of what's happening in the American collector-car world. Subscribe at americancarcollector.com.

OFFICIAL ONLINE MARKETPLACE

ClassicCars.com brings buyers, sellers, and classic vehicle enthusiasts together. With a vibrant marketplace of over 30,000 classic and collector vehicles, an industry-leading daily blog, and a wealth of resources for classic car owners, ClassicCars.com reaches more than 2.5 million car enthusiasts a month. Whether you are looking to sell your classic fast, find your dream classic, or enjoy up-to-the-minute automotive journalism, the ClassicCars.com community is here to support your interest in the collector car hobby.

COLLECTOR CAR INSURANCE

OFFICIAL CLASSIC CAR INSURANCE

Have you ever wondered what collector-car insurance is all about and the best way to purchase it? At Heacock Classic we help you insure your car for the amount you use it, saving you money over the life of the policy. Our goal is to offer a custom, low-cost program designed to fit your needs. Collector-car insurance from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and you choose your own repair shop if your car is damaged. You also get to choose a \$0 dollar deductible and automatically get \$50,000 in coverage for 30 days when you purchase a new classic car. After you request a quote, a status report is usually ready within 24 hours. Then we will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to

properly protect your investment. Call us today at 800-678-5173 or online at www.HeacockClassic.com

OFFICIAL AUTO TRANSPORT COMPANY

Expert care and high-quality customer service set Montway Auto Transport miles apart from other auto movers. As one of the country's largest and most reputable auto shipping companies, we move over 6,000+ vehicles each month, safely and securely across all 50 states, open or enclosed transport, accommodating every type, special care and exotic, military, snowbird, and expedited shipping. Our customers include thousands of satisfied individuals, as well as corporate customers in the moving and relocation, dealership, auctions, and OEM industries. We also provide specialized shipping and technology solutions for corporate customers, with single to full-load capabilities.

PREFERRED AUTO PARTS STORE

RockAuto ships thousands of auto parts from over 300 manufacturers to customers on every continent except Antarctica – including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

Connect with Social Media

The social media world is evolving, don't get left behind! We are becoming much more active with online campaigns, and want you along for the ride. We provide daily updates and entertainment on Facebook, Twitter, Pinterest, Instagram and Snapchat.

Have you ever wondered who is posting to the Corvettes at Carlisle Facebook page and interacting with you? It could be one of three people:

- Lance Miller (Carlisle Events' Co-Owner and Corvettes at Carlisle's Event Manager)
- Jodi Morrison, Lance's assistant, or
- Sarah Burkarth, Social Media Specialist

In the past year, the most popular post to our Corvette Facebook page was none other than the video of Lance's daughter, Ella, in her battery-powered red Corvette

posted on November 8th. The video has 173,000 impressions and 440 of you shared the video onto your own pages!

The Corvette Facebook page is currently third in total "likes" compared to all of our event pages. It's just behind the Carlisle Performance & Style and Carlisle Ford Nationals pages. Let's share our page, spread the word and get our page up to number one!

America's Premier Corvette Repair & Restoration Shop Turns 30

It's been a 30 year long journey on a road paved with achievements, and doing so we became the Premier Corvette Repair & Restoration establishment in America.

Celebrating Our 30th Anniversary

In the 30 years Corvette Repair, Inc. has been Number 1 with receiving the highest honors and accolades there is to receive. Such as 500 NCRS Top Flights, 188 Bloomington Gold, 131 Bloomington Gold Special Collection, NEW 4 Bloomington Gold Collection, 128 Triple Crown Diamond, 5 Bloomington Gold Great Hall, Carlisle Chips Choice 113 times, NCRS Duntov 21 times, Bloomington Gold Hall of Fame 28 times, Bloomington Gold Benchmark 25 times and NCRS American Heritage 20 times. And many more... Yes, it's been a long journey and we are looking forward to the future of continuing to bring Corvette History Back To Life.

30 years of breathtaking state of the art restorations, with the highest attention to detail to any C1, C2 or C3 Corvette. It took the unique combination of dedicated talent to bring them back. That talent will bring your Corvette back the same way. Pick the team that will do it right the first time. Compare our hourly rate and be surprised...or shocked.

A Special Welcome to Charlie Chico!

Once Carlisle regulars, Charlie and his wife Sylvia have returned to Carlisle. They made the trip from Morgantown, WV in their 1961 Corvette. Charlie is the original owner of the car, and it has never been restored. Look for the '61 Vette and ask Charlie about his drag racing days when, he joked, "it never went fast enough." Now that he is 77 years old, he says it is plenty fast. Join us in welcoming Charlie and Sylvia to Corvettes at Carlisle.

> Corvettes for Chip

The 9th annual Corvettes for Chip charity event was founded and started by a generous group of individuals that were compelled to help fulfill the mission of the Chip Miller Charitable Foundation. It's always a tight-knit group of passionate Corvette lovers that enjoy this event year in and year out. Please to mark your calendars and plan to attend this October.

Each year I'm amazed at the quality of Corvettes that attend this fun-filled event. The mission of the CMCF is to empower people with the knowledge and understanding of Amyloidosis for earlier detection, ensuring a better quality of life for those afflicted with the disease and to help science find the cures. The Corvettes for Chip event is a fun way to help a great cause. Please consider attending this year.

I hope to see you there!

> vendor incentives

We are proud to boast that our loyal vendors have created the largest Corvette swap meet of its kind. For that, we are truly grateful to them. They provide so many unique parts, collectibles and memorabilia that there shouldn't be anything you can't find here.

Get in on the action and take advantage of our vendor incentives. Vending at a Carlisle event can be a great way to make money, clean out your garage and provide an overall fun experience. Our 82-acre facility has bath houses and multiple options for dining at our concessionaires so camping in your vendor space is an

easy choice. Read on for more reasons to vend at Carlisle.

New Vendors: Free Space

If you've never had space at an event (or haven't for two years), you can get one space FREE if you buy TWO spaces.

Current Vendors: BOGO!

If you buy a vending space at an event where you haven't before, just buy ONE – and get one FREE!

Multi-Show Discounts

If you purchase vending space at 5-6 events during the 2015 season, you will be eligible to receive a 5% discount on your total vendor fees paid. Purchase space at 7 or more events and receive a 10% discount. Discounts will be paid at the end of the season.

Free Specialty Listing

As a vendor you are entitled to one free specialty listing in the event guide for each event you attend. Help your customers find you; return your order form today!

Free Alphabetical Listing

If you buy vending space at an

event, you will be included in the alphabetical vendor listing in the event guide.

Space Renewals

You have renewal rights to your vending spaces for 90 days after the end of an event. You will receive a renewal notice approx. 30 days after the event and a final reminder postcard two weeks prior to the deadline.

Early Bird Renewal Discount

The best deal in renewing your vending spaces is to pay for 2016 before the event is over. You'll get a 5% discount! Visit Vendor Services in the Registration building outside Gate 3.

Buy Vending Space Online

New this year! You can buy vending spaces online! Two weeks after the 90-day renewal deadline, all spaces that have not been purchased will be available on a first-come, first-served basis. You can even choose the exact space!

> car corral bonus - social media showroom

If you buy a **car corral** space in 2015, you are invited to advertise that vehicle for sale on our social media pages – Facebook and Twitter – FREE!

Just e-mail up to four photos of your vehicle to **SocialShowroom@CarlisleEvents.com**. Include your name, vendor number, event name, space number and important details about the vehicle you're selling.

We will post your photos one time – within a 14-day window of the event – on Facebook and Twitter. They will remain in the Social Media Showroom photo album on the Facebook page for

the applicable event.

If you buy multiple car corral spaces, you may advertise each vehicle on the Social Media Showroom. This offer is valid for each car corral space.

The Social Media Showroom is a trial run during 2015. Depending on its success, it may be implemented for 2016 for a fee. Take advantage of this special offer!

Thank you for your support, and we hope the additional exposure of your vehicle provided by the Carlisle Events Social Media Showroom results in a sale.

*Annual Percentage Rate (APR) is effective as of March 16, 2015, and includes a Loan Documentation fee of \$175 and a Loan Administration fee of \$175. Interest rate shown is typically available to borrowers with credit scores of 700 or above and loan term of 48 months or less. Higher rates apply for lower credit scores or loan terms greater than 48 months. Loans financed over 72 months or greater require a minimum loan amount of \$20,000. Loans with a term of less than 72 months require a minimum loan amount of \$5,000. Other standard underwriting criteria apply. We reserve the right to withdraw this product and/or adjust available rates at any time without advance notice. A representative example of payment terms are as follows: Based on a simple interest rate of 4.99% for a \$20,000 loan, this loan would have 48 monthly payments of \$460.50 each at an APR of 5.89%.
